

CONCEPT SPACE

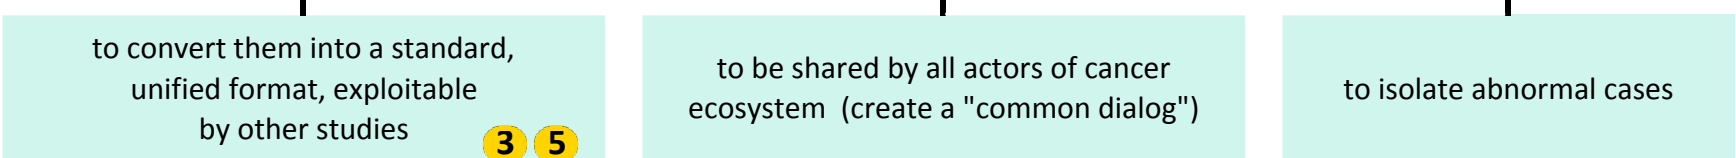

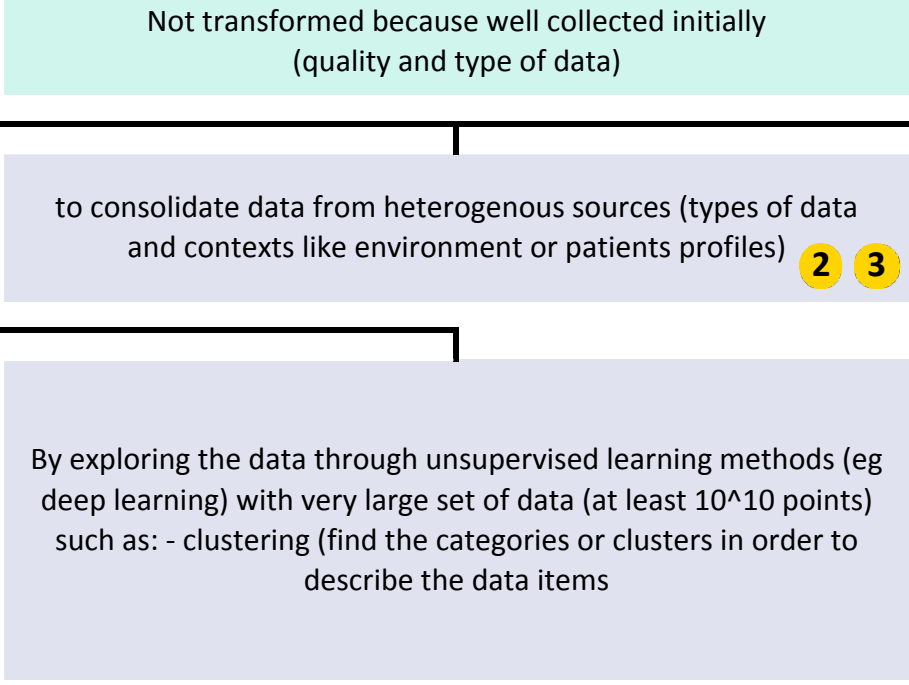

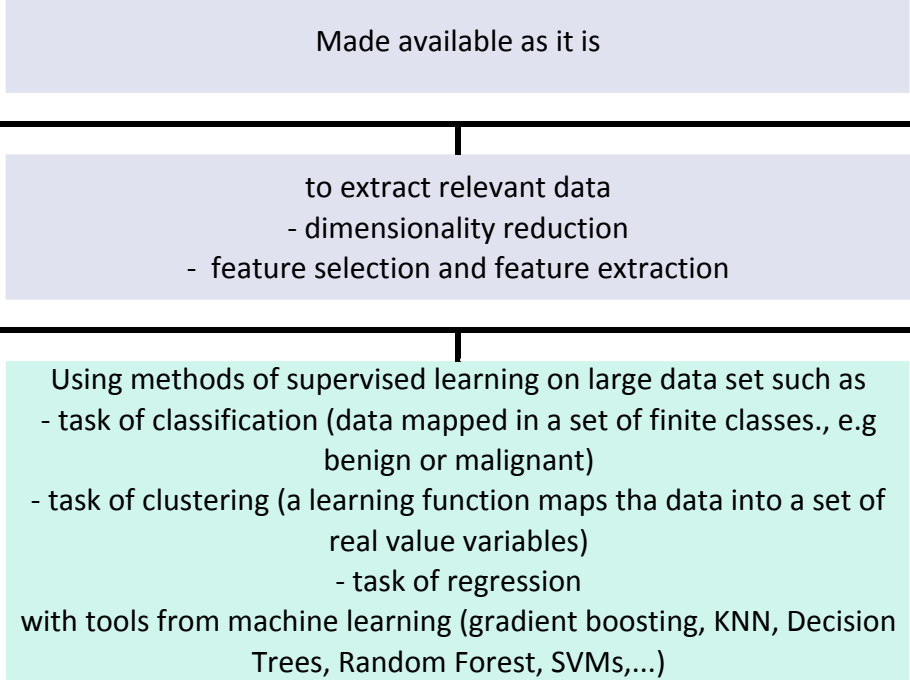

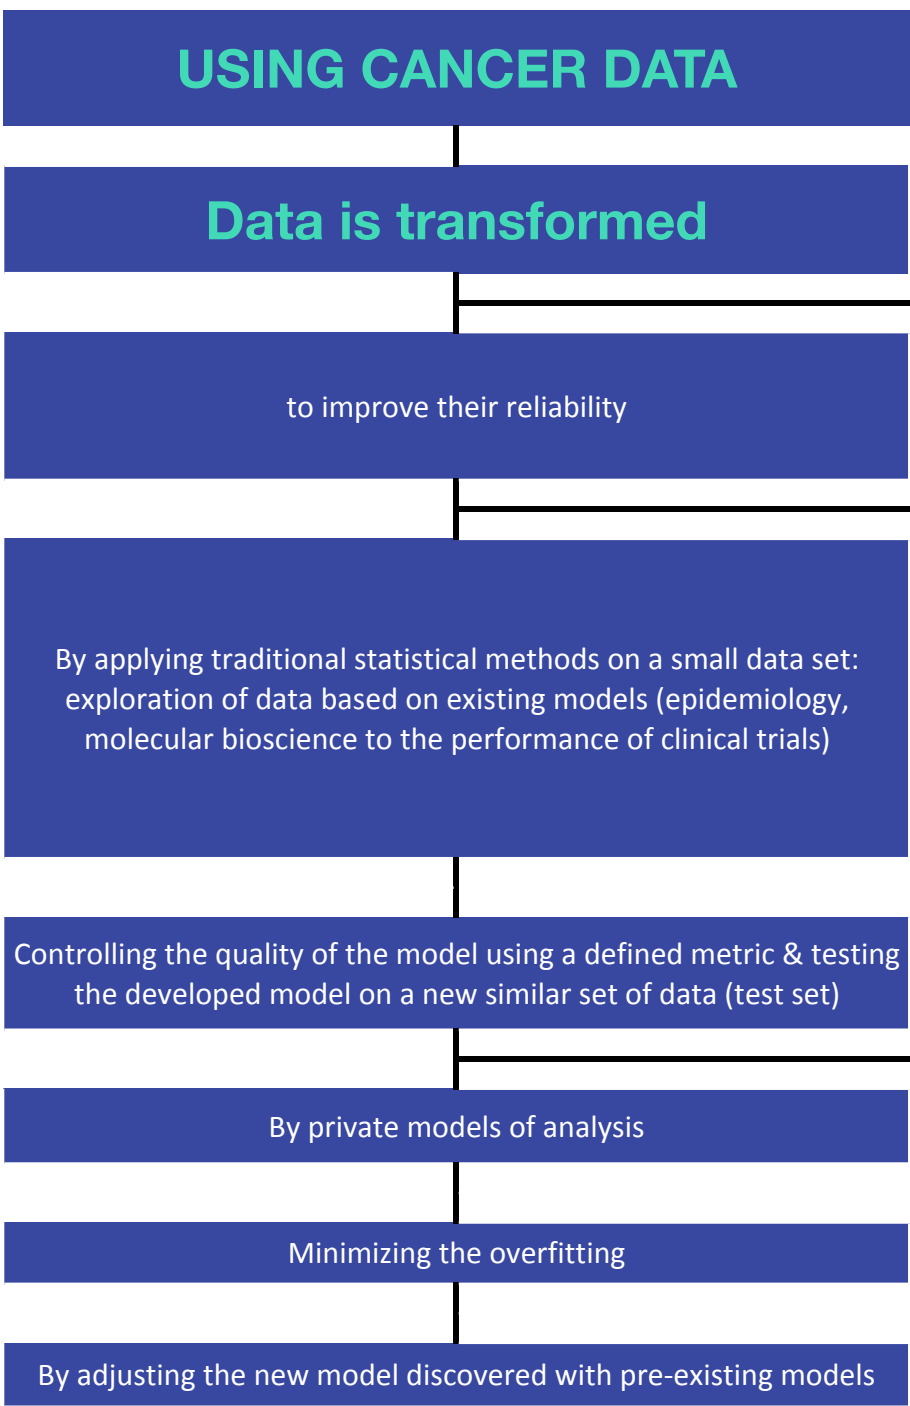

Note : This map presents a preliminary understanding of data analyses technics (on the left) and several alternatives that emerged during our discussion with experts (alternatives on the right).

If you see any inconsistencies, you are aware of some interesting projects on cancer treatment or you have new ideas on how to go further, don't hesitate to contact us at ak_ckmap@epidemium.cc

We will complete the map thanks to your inputs!

KNOWLEDGE SPACE

Data analysis

Data collection standards for clinical research

Deep learning requires large data sets

Check medical image deep learning, Cornell

Common license

- Ideas explored generated during workshops
- Dominant design for cancer related research
- Potentially interesting ideas to explore

Epidemium 2016 : Challenge4Cancer projects
