

CONCEPT SPACE

Note : This map presents a simplified understanding of data & data collection technics (on the left) and several alternatives that emerged during our discussion with experts (alternatives on the right).

If you see any inconsistencies, you are aware of some interesting projects on cancer treatment or you have new ideas on how to go further, don't hesitate to contact is ak ckmap@epidemium.cc

We will complete the map thanks to your inputs!

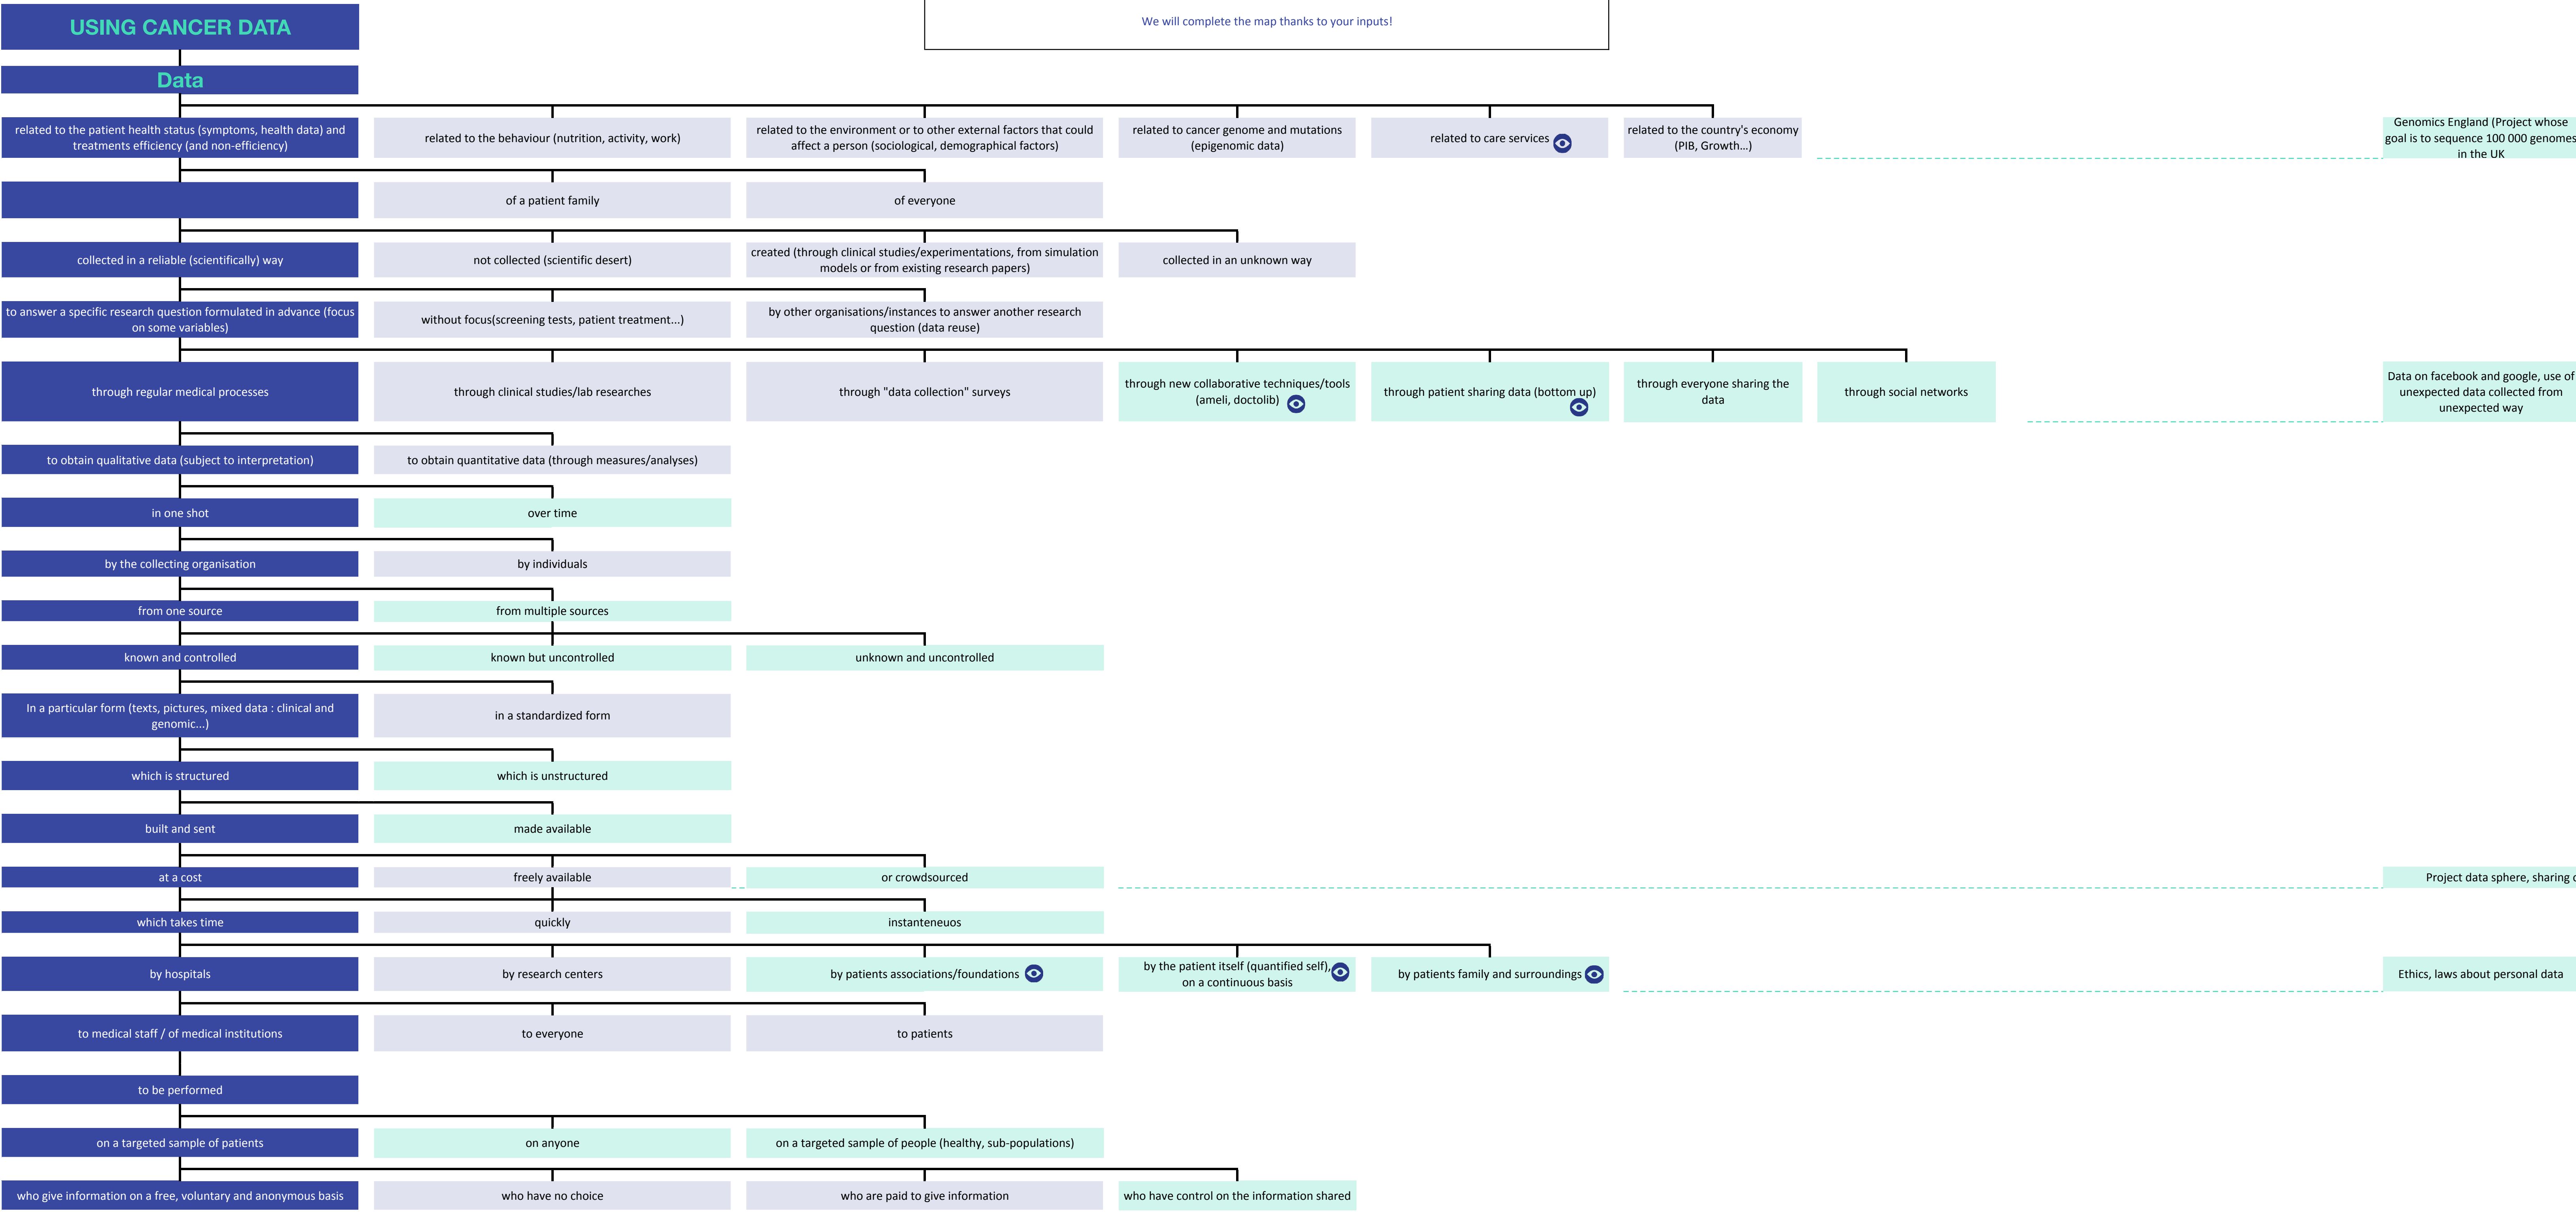

KNOWLEDGE SPACE

- Ideas explored generated during workshops
- Dominant design for cancer related research
- Potentially interesting ideas to explore

Epidemium 2016 : Challenge4Cancer projects

- Viz4Cancer
- CancerViz
- Baseline
- Approches prédictives et risque de cancer
- Oncobase
- BD4Cancer
- ELSE
- Venn
